FOR IMMEDIATE RELEASE**Appointment of Andrew Dawe****Andrew Dawe joins FMX Solutions as Vice-President, Regulatory Affairs**

Montreal, Canada, March 1st 2007: FMX Solutions Inc. is pleased to announce the appointment of Andrew Dawe as Vice-President, Regulatory Affairs. Mr. Dawe will also join the Board of Directors of FMX Solutions. Andrew Dawe is the former Regional General Manager for Canada, and General Counsel, Americas and Caribbean for the leading global provider of Information Technology and Telecommunications solutions to the air transport community. An Australian national, he is a lawyer by profession, having degrees in Arts and Law from the University of Queensland.

Following his admission to legal practice, Mr. Dawe worked in private practice before joining a major Australian mining and petroleum company as in-house counsel. After seven years as a corporate lawyer, he left Australia for a personal sabbatical year in Europe, in order to realize his ambitions to learn a language other than English, and to establish an international career. Mr. Dawe studied French in Paris and German in Cologne.

His career since, based in Montreal, has included the development of corporate internal legal services for the Americas. In addition he has provided country-level operational management for Canada, responsible for multi-million dollar budgets and a workforce of several hundred. Mr. Dawe's extensive experience in both the legal and operational aspects of the provision of telecommunications and information technology solutions, and his familiarity with the regulatory and business environments of Canada and the United States, are valuable assets for FMX Solutions.

Mr. Dawe's personal interests, apart from his family, include flying, skiing, swimming, home networking, and a general interest in the evolution of computer technology and the Internet.

FMX is proud to have Mr. Dawe as part of its team.

About FMX Solutions.

FMX Solutions (www.fmxsolutions.com) is a consulting and engineering firm. Its mission is to satisfy customers seeking to optimize usage of premises and inside and outside plant.

FMX Solutions "traditional" CAFM services focus on improving asset and space utilization and rationalizing property management. IT services cover design and engineering validation, infrastructure assessment and moves, adds and changes management.

For outside plant design and maintenance (of particular interest to the ITS industry, telecommunications operators and the like), FMX Solutions provides a global solution that not only supports the design of transportation network infrastructure, but also helps clients to manage the network's day-to-day operation.
